

ARKANSAS' BEST KEPT SECRET

Arkansas Surgical Hospital

Top 1% in the Nation for Best Overall Surgical Care
#1 in Arkansas for Total Joint Replacement and Spine Surgery

Arkansas Surgical Hospital is recognized nationally as a leader in orthopedics, joint replacement and spine surgery.

Arkansas Surgical Hospital (ASH)

is an innovative surgical hospital located in North Little Rock that specializes in orthopedic and spine surgery. Our team is made up of a diverse group of highly skilled, highly trained physicians supported by the most advanced, sophisticated technologies and equipment, the latest in O.R. design, spacious private suites and a staff of accomplished professionals dedicated to providing the highest caliber of care.

How Are We Different?

Surgery is our focus. ASH is a 51 bed surgical hospital owned by physicians who believe that being focused in orthopedics and spine creates higher degrees of expertise and better levels of quality care. ASH has a proven track record of low infection rates compared to the national average and our patient satisfaction ratings are consistently 93% or higher.

Our Quality Checks Out

Arkansas Surgical Hospital is recognized nationally by two independent hospital rating organizations as a leader in orthopedics, joint replacement and spine surgery. The Delta Group, using CareChex.com recently ranked Arkansas Surgical Hospital in the top 1% of hospitals nationwide for Overall Surgical Care. Additionally, they have rated Arkansas Surgical Hospital as # 1 in

Arkansas for Overall Hospital Care and #1 in the state for Major Orthopedic Surgery. Other Delta Group awards include national recognition for Patient Safety and Patient Satisfaction.

HealthGrades, an independent leader in national healthcare ratings of over 5000 hospitals across the country has ranked Arkansas Surgical Hospital #1 in Arkansas for Total Joint Replacement for the last three years. Arkansas Surgical Hospital was also rated #1 in the state for Spine Surgery for 2010. HealthGrades uses a Five-Star rating system and in 2010 recognized Arkansas Surgical Hospital as Five-Star for Total Knee Replacement, Total Hip Replacement, Joint Replacement, Back and Neck Spine Surgery (with fusion) and Back and Neck Spine Surgery (without fusion).
